

# Bristol Brunel Academy

## Termly Newsletter

April 2025

### A message from the Principal

**Dear Parents and Carers,**

As we approach the end of another busy term, I want to take a moment to celebrate the fantastic achievements of our students. Their hard work and dedication continue to impress us, and this term has been no exception. A particular highlight has been our incredible production of *Sister Act*, which showcased the outstanding talent and enthusiasm of our students—congratulations to everyone involved!

In addition, our art students continue to produce amazing work, demonstrating creativity and skill in their lessons. Our Under-16 basketball team also reached new heights, progressing further in their competition than any previous team—a fantastic achievement! Our creative writing club enjoyed success, along with our students who participated in Science Week and Engineering workshops.

Looking ahead to Term 5, we want to inform you of some important updates regarding behaviour and expectations. We are making some changes to how we address poor behaviour and disruption in lessons to ensure that all students can learn in a positive and focused environment. Attendance and punctuality remain a priority, and after Easter, there will be after-school detentions for lateness to school and lessons.

We have also made a slight adjustment to our uniform policy: blazers will now be an optional item. However, if students choose to wear a jumper, it must be the BBA-logo'd V-neck jumper. Students must wear either a blazer or a jumper and are welcome to wear both.

Finally, we have noticed an increase in mobile phone use within the Academy. We kindly ask for your support in ensuring that your child does not use their phone during the school day. We want to encourage students to engage in conversations and reduce time spent on social media while at school.

Thank you for your continued support. We wish you a restful Easter break and look forward to another successful term ahead.

# Sister Act Production

Those of us who managed to get tickets to the latest school performance will consider ourselves to be lucky indeed. The latest production by the Arts Department was an absolute belter.

Sister Act (the musical) is taken from the film of the same name and tells the story of an aspiring singer who witnesses a crime and has to go into hiding, in a convent!

Initially she finds the life a struggle before getting involved with their choir, a disparate group of apparently tone deaf sisters. Here she whips them into shape and gets them to feel the joy of music and in passing helps to raise funds to save the church.

Eventually her cover is blown and the gangsters come looking but she is saved by her childhood friend and soon to be sweetheart, the local police detective.

Those who know the original film will remember the songs but also the humour and this came through in spades.

Strong performances by all the lead characters showed some inspired casting but for many the break out star will be Martha. Her character of Sister Mary Roberts was on point and her solo was flawless. Strong performances by all the lead cast of Esther, Summer , Harrison and Lukas meant there was strength in every scene. Excellent comedic turns given by Ella, Leia and Felix added to this strength making this performance one to remember

It only remains to thank all those volunteers, students and staff behind the scenes in the band and the technical area for making the running flow effortlessly.

# BBA Iftar 2025

On the evening of 20th March we had the pleasure of hosting our annual BBA Iftar, welcoming 50 students along with their families. The evening was made even more special by the generous food donations from several staff members and families, allowing us to celebrate our diversity in a truly wonderful way.

A heartfelt thank you to Ms Chowdhury for coordinating the event and to Ms Korimbocus for leading the Culture Club, both of whom contributed significantly to the success of the evening.

## BBA Iftar 2025

# Science Week 2025

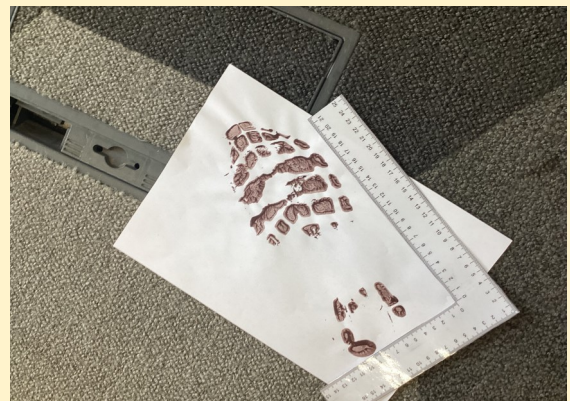

National Science Week was celebrated from the 10th-14th March.

As ever, the Science Department had a variety of activities for the students to engage with.

As part of Science Week, Mr Campbell from Mosaic came into school to deliver sessions to all our Year 7 classes about art in astronomy. He started by introducing different scientists from very diverse backgrounds and how they started working in science and what they achieved. He then explained the crossover between science and art before showing different images of space. Students then had to guess whether they were created by an artist or photographed through a telescope or via a satellite.

As part of Science Week, Year 8s undertook a CSI investigation in to a crime scene. The students dressed up, explored the crime scene and took photographs whilst collecting evidence. Analysis of the evidence was then carried out back in the labs. Analysis included shoe prints, DNA, hair and (fake) drug samples for testing.

Fun was had by all who took part and the students got to experience real life use of science and solve a crime!

# **Celebrating Success with Creative Writing Club**

If you pass by SC4 afterschool on a Tuesday, you may hear the clattering of keyboards and the tell-tale crinkling of a biscuit packets. That's the sound of our young writers hard at work: drafting and redrafting their short stories and poems.

Our aspiring authors have been submitting their work to as many competitions as they can get their ink stained hands on (metaphorically speaking of course). The moment a new competition opens, they are ready with another story to fire back. Their dedication is relentless!

I am delighted to announce that some of our students will be published in the upcoming *Young Writers* anthologies, set to be published later this year (keep your eyes peeled). Until then, please read the winning stories below, along with some other notable examples from CWC.

Something sparked your imagination? You are welcome to join our friendly and welcoming club every Tuesday 3-4pm in SC4. Bring snacks. Biscuits often provided.

## **It Runs in the Family by Yara Bahman**

Run: the last word Fen's mother said to him before she fell, the knife still in her back.

Fen stood staring at his mother's killer, there was something familiar about him, his navy-blue eyes, set jaw and smirk, but he didn't have time to stop and think. Fen pulled the foot long knife out of his mother's back and charged towards him.

He hit his target.

As the killer slowly bled to death, Fen stood washing the knife clean of blood then he saw it reflected back in the blade: his eyes, navy-blue, his jaw set, smirk wide and wicked...

## **What Lurks Beneath the Sea by Fleur Berenice**

I was shipwrecked on a raft. I knew no one was coming to save me. Tap-Tap. The sound came to me fast like the tapping of a pencil. Perhaps it was a creature or even a stick stuck under the raft. Tap-Tap. This time was no accident. I grabbed the oar beside me and plunged it into the water hoping to feel whatever was making that sound only to find it tugged out of my hand. My blood ran cold. I tried rowing away with my remaining oar, but I found myself stuck right where I started. Whatever was making that sound wasn't going to let me go so easily. The sounds grew stronger like a fist on oak. TAP-TAP.

Suddenly waves reared up, towering over my raft. They fought with the wind in the sky forging their way past. I braced myself. I was faced with a force more brutal than a volcanic eruption. It caused my bones to shudder and brought a bucket-full of blood to my mouth. Maybe, I died

### Screwhead Scientist by Michael Woodman

All was peaceful in EVILABS 473. Stanley Screwhead was mixing tiger blood with spider poison. If mixed correctly, it would create a chemical to remove EVILABS 473's biggest enemy, the so-called people's favourite Bertie Brainiac, famous for defeating 26 villains who worked at EVILABS 473 and 147 villains in total. After mixing the tiger blood and spider poison, holding his nose he wrapped some garibaldis and fig rolls into spider legs and dropped them into the mixture. But... he accidentally dropped a gerbil's tail into the mixture as well.

"Oops." He said and gulped it down.

The chemicals exploded and filled Stanley's mouth. His mouth started to foam. His eyeballs popped. His guts ripped in half. His blood squeezed out from his feet and landed on his face.

"That was refreshing. I enjoyed that," he said.

At that moment, his companion, Nathan Nailhead, the notorious villain and Stanley's best friend walked inside.

"Is everything alright?" he asked, eyeing Stanley's chin which was dripping onto the floor.

Stanley found himself thinking heroic thoughts. Me and Nathan can't be friends anymore, he thought. I've got to do something to stop this organisation.

He slapped Nathan hard.

"What was that for?!" he exclaimed. "We're on the same side, remember!"

### **Surprise by Talia Hayward**

IN A MOMENTS HEARTBEAT, WHERE SHADOWS PLAY

SURPRISES WHISPER SOFTLY, IN AN UNEEXPECTED WAY

A FLOWER IN BLOOM, IN THE CHILL OF THE NIGHT

URNS MUNDANE TO MAGIC, RELEAVING THE LIGHT

A KNOCK AT THE DOOR, A VOICE FROM THE PAST

A GIFT WRAPPED IN RIBBONS, EMBRACE THE UNKNOWN

LET YOUR SPIRIT TAKE FLIGHT,

FOR LIVES SWEETEST TREASURES ARE FOUND IN DELIGHT

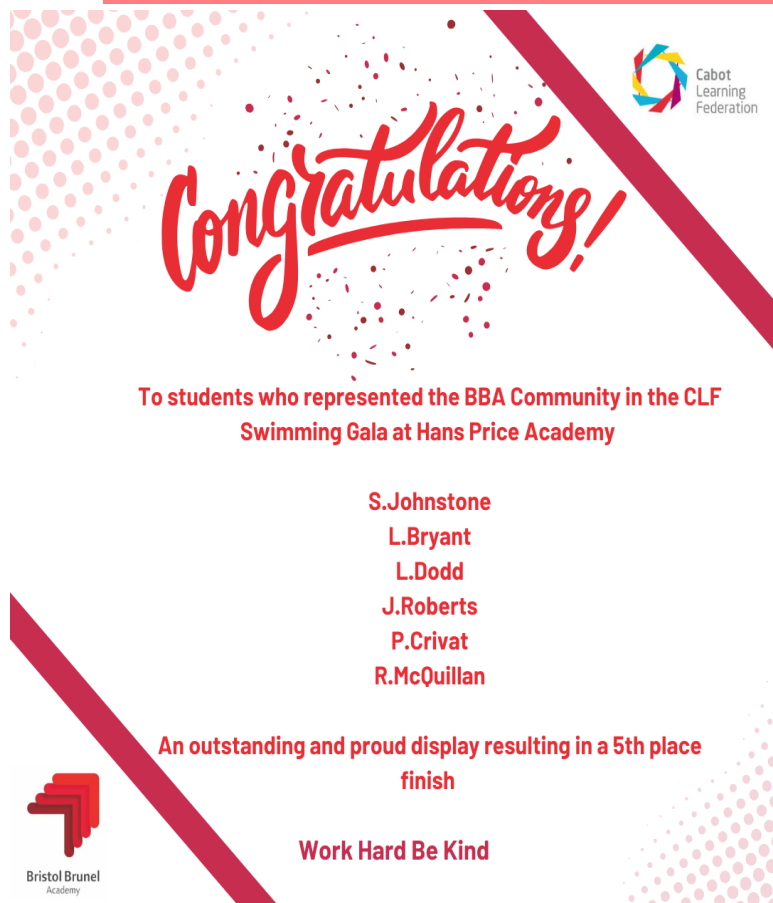

A CHANCE MEETING BLOOMS IN A CROWDED CAFÉ

TWO SOULS INTERTWINING IN A BEAUTIFUL SWAY

EACH HEARTBEAT IN THE TAPESTRY OF LIFE

# CLF Swim Gala

Early in the term, the school entered a team into the CLF Swim Gala. This was a first for the school.

The team listed opposite on the certificate performed admirably for a 5th place finish overall.

The school intends to create more opportunities for the swimmers in the school to perform.

## Monday 24th March

A second swim gala of the term with the school entering a team supported by Mr Solari and Mr Crow. Below is a list of students that went to the gala:

Tegan , Archie ,Dom, Maia, Liam, Solange, Lily, Lilia, Jackson, Ralph

It was a fabulous evening with some fantastic results. Here are just a few highlights.... Lilia in 3rd place in the 50M Backstroke, Archie coming 3rd in the intermediate Butterfly, Maia coming in 1st in the 50M Freestyle and Butterfly too! An all round amazing event, thank you swimmers and well done to all that took part.

## BBA U16 Basketball Team

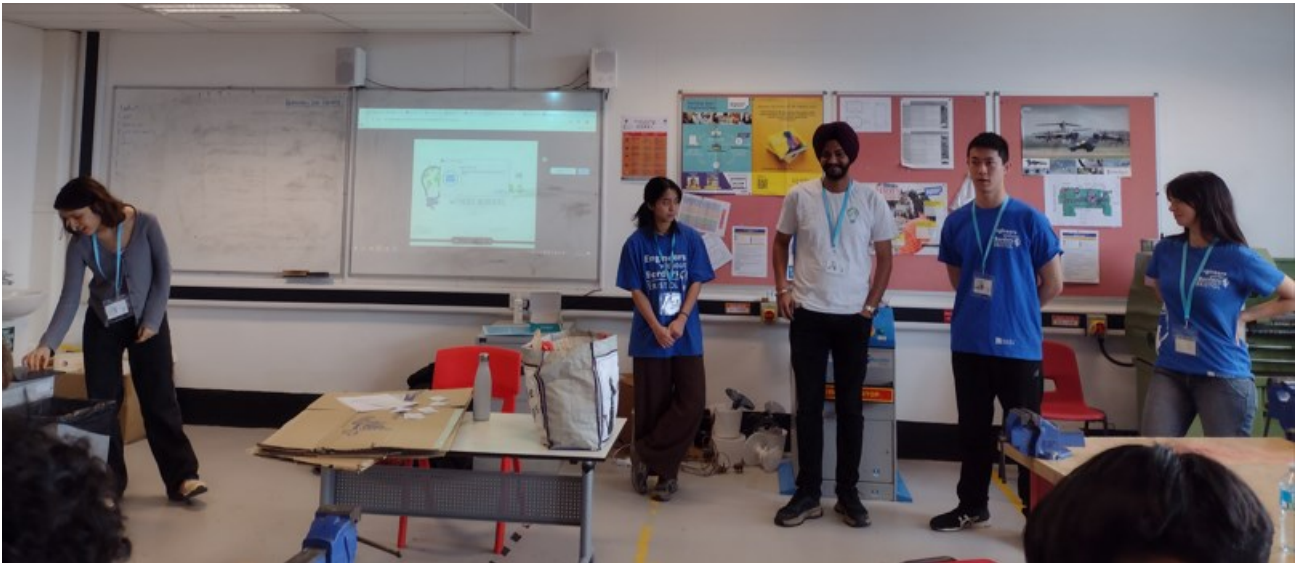

Our U16 Boys had an incredible run in the Dynamik National Schools Competition 2024/25, winning four out of five games in our pool and advancing to Round 3 of the playoffs! They secured dominant wins, including a huge 83-48 victory over last year's champions, Bristol Met, along with triumphs against Sir Thomas Rich's (51-31), Clifton High (77-46), Millfield (76-36), and Charlton (56-37).

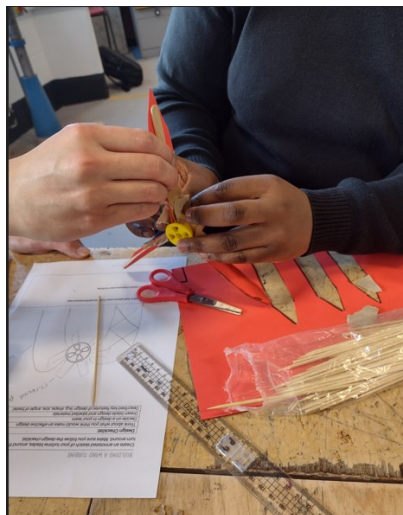

We want to celebrate and reward these dedicated players who continue to show their passion for basketball—training during breaks, lunches, and even in challenging weather conditions. Their hard work and team spirit are an inspiration to our school community.

This competition highlights not just their talent but also the incredible support and camaraderie among our students. We're so proud of their achievements, and we can't wait to see what's next!

# Engineering

This term we hosted a group of Bristol University students who are part of 'Engineers Without Borders'. They talked to our three Y10 Engineering classes about the difference between renewable and fossil fuels and the challenges in providing electricity to developing countries and villages in remote locations.

The Y10 students then had to design and build their own wind turbines in groups of 4. The turbines were tested and the winning team awarded a small prize. Students were fully engaged in the workshops and had a lot of fun building and watching their designs being tested. above.

# School Council

Every term the Student Council reviews what students are saying about the school - the good and the bad. The School Council reps then work with the school to try and address the issues.

## What is working well at BBA?

People like the water fountains as they are cold and fresh.

The Thorpe Park Trip for exceptionally well-behaved students is great as we have a lot of fun with our friends.

Year 7s like the effort put into the camp trip.

Year 11s like the colours for the leavers hoodies and the fact they can wear them instead of their blazers.

Students enjoyed Crazy Hair Day for Comic Relief – especially the glitter.

Students still like the longer lunch.

Year 11s like going on the astro turf at break and lunch times.

People like Fish'n'Chip Friday.

Some students are excited about the Easter Ski Trip.

# School Council

 <b>You said ...</b>	 <b>We did ...</b>
<p>You said you wanted blazers to become optional</p>	<p>We had a meeting with Ms Cusack about this and she has agreed to make blazers optional from the <b>next</b> academic year. The uniform policy will be changed to state you can either wear a BBA logo V-neck jumper or a blazer.</p>
<p>You said you wanted to improve behavioural policies in this school</p>	<p>We are in the process of arranging a meeting with Ms. Curtis to discuss reforms in the rules and sanctions in school.</p>
<p>You said you wanted more non-school uniform days</p>	<p>We will discuss this with Ms Cusack and try to arrange one for Term 5. Unfortunately, this term has been busy with World Book Day and Comic Relief.</p>
<p>You said you wanted to know the menu for lunchtimes</p>	<p>From Term 5, the weekly menu will be shared in the House task during tutor time.</p>
<p>You said you wanted school to be a safer place</p>	<p>We had a meeting with the head of safeguarding (Mr Clements) to talk about this and we have drafted a poster to publicise ways to stay safe. Hopefully this will be displayed up and around the school soon.</p>
<p>You said you wanted a quiet space at lunch times</p>	<p>We are working on this! We have emailed some teachers that may be able to supervise this, and we are currently trying to find a room to hold this in. Watch this space.</p>
<p>You said that we needed to advertise House points and positive behaviour more.</p>	<p>Star students are now celebrated in the street each week for Skip the Queue passes. We are also hoping to add a student of the term for each House.</p>

# School Council

The CLF Big Parliament is a forum for representatives from student bodies across the federation to come together and discuss issues that affect the whole federation.

## CLF PUPIL PARLIAMENT ATTENDED BY APRIL, ENOCH AND ANGEL

The CLF Big Parliament is made up of students from every school within the CLF from Year 2 all the way to Sixth Form. It is really exciting to attend these meetings, learn more about how the CLF is run and represent the views of BBA students at a higher level.

This term we had a great discussion on sustainability. We discussed how we can increase renewable energy production in our schools and how some schools in the CLF are already producing their own renewable energy. BBA is the largest non Post-16 school in Bristol. We have a large roof and large parking space. We suggested that if we cover the roofs and the parking spaces with solar panels on top, we could produce our own energy at a large scale with 0 carbon emissions. A senior member of CLF trust said that they would investigate the matter and would like to work with us to make BBA more environmentally friendly. However, he also told us that BBA ranked quite highly amongst the other CLF schools for sustainability and therefore other schools would have to be prioritised first. For now it is really important that we all do our bit for the environment, reduce our paper use, walk or cycle to school and recycle our waste.

# Appeal for sports kit

## **Academy Appeal for Sports Equipment.**

With Year 11 leaving shortly, it's a great time to think about donating old but usable kit to the school. We will put a bucket in reception for Year 11 when they come in during term 5. Once they have finished with their PE kits, please drop them at reception. Donations of PE kit would be really welcome. Thank you for your support. As ever, boots suitable for the 4G pitch are always very welcome.

## Y7 SHOUT OUTS from Mrs McBride Term 4: Watercolour Paintings

# Year 7 Boys Football

Monday 31st March

Sixteen BBA students proudly and enthusiastically took to the astro in an entertaining friendly fixture with KOA. Whilst the scoreline may not have been in our favour (a goal filled 4-7 loss) it didn't prevent our students from demonstrating some excellent personal qualities along with genuine potential.

The Y7 Boys took ownership of this fixture from the first minute, running rolling substitutions with independence and complete confidence and showing just exactly how much it means to them to represent the school. Each student fully acknowledging the importance of equal pitch time. The end of the first half saw our students 1-5 down, but an encouraging and resilient second half performance saw the game end 4-7.

The boys football season will continue (a little bit) after the easter break but it was really refreshing to see just how much it meant to those boys last night to represent their school. My thanks go to the team for representing our school community in such a positive manner.

Match Day Squad, Jake, Lucas , Amarion, Oscar, Azar, Ashton, Emrhys, Eduardo, Bobby (C) , Oli, George, Finely, Filip, Redley, Ted

Player of the Match - George

# U14 Girls Sport

Wednesday 5th March

The year 7s attended a football match at St Bernadette's. Unfortunately, one of our players dropped out which left us short of a player. St Bernadette's had 12 players and played with 11. This meant that St Bernadette's had the advantage from the very start. Not only this, but most of the team were also in year 8. The girls were very nervous however, they conducted themselves very well, remained calm and encouraged one another through the game. The first half ended with the score being 4-0 to St Bernadette's. During the second half, St Bernadette's decided to drop a player. Within the first 2.5 minutes, Amari scored followed by another goal from Naiya. We ended the game with the score being 7-2 to St. Bernadette's. The sideline, teacher and students praised the girls at the end of the game emphasising that they could not believe that

they were all in year 7. The girls also received very positive comments from a PE teacher from Kings Oak who was watching the game.

Overall, it was a brilliant game, and the girls worked extremely hard!

Player of the match - Amari

# U14 Girls Sport

Wednesday 5th March

On Wednesday afternoon after school we travelled to Whitehall Rugby club to take part in a T1 Rugby tournament against a wide variety of different schools. The afternoon was a complete success, with all the girls having lots of fun! Student learnt new skills, and had the opportunity to play against schools from all over the city.

It was an amazing afternoon where the girls came away with a new found understanding of the game, as well as a free scrunchie hair band and were also fed at the end so kindly by Whitehall receiving biscuits, crisps and lots more snacks!

**The players of the matches across the different games were:**

Delphine , Keziah , Lily

**Participants:**

Lily, Poppy, Theodora, Amelia, Vanessa

Rosie, Yara, Delphine, Keziah, Madison

# Year 10 Football

Wednesday 19th March

Our Y10 boys took on Trinity Academy in a goal packed fixture that saw BBA take the points in a 7-5 victory. However, there is a much bigger and rewarding story to tell.

Firstly, the squad was very depleted due to absences. This is where the good news starts! A special mention to Roman and Dylan, who were so determined to ensure that the fixture went ahead, they took it upon themselves to draft players. Both students demonstrated outstanding leadership and incredible ownership in ensuring that this fixture went ahead. As a result of this, Will, Dillon, Denis and Jacob all made their BBA football debuts. They all more than played their part in an enjoyable evening.

Here is the heartwarming bit, Trinity had encouraged one of their EHCP students to take part in the fixture. He played his heart out and never gave up on a lost cause. However, during the game there was a mutual agreement that the student in question must score a goal. Low and behold the Trinity student had his moment centre stage with a lovely finish in the bottom left hand corner from close range. The euphoria and heartfelt enjoyment as both teams came together to celebrate such a moment, to me demonstrated exactly what school sport is all about. I was so proud to see our students a part of such a special moment. Our students can really make special things happen!

Player of the Match (joint) - Dillon and Will

## Monday 10th March

The Y11 boys football season kicked off , with a battling display away to Fairfield High School. A closely contested fixture but a game where our students displayed some exceptional personal qualities. A goal scoring debut for Valentine, whose relentless pressing and work rate paid off as BBA took a lead into the second half.

Despite the tireless work rate from BBA, the physical power of Fairfield's centre forward finally made it's impact as he struck the equalising goal. Our students came off the pitch proud of their efforts and fully acknowledging that a score draw away from home was a very good result.

A special mention to Shayzan, Solly and Aman who all stepped in at the 11th hour to ensure we were able to field a side for this game. The player of match was awarded to Elliott, who not only put in a brilliant performance (playing out of position) but also showed tremendous leadership and really led by example throughout the game. His leadership really helped the team throughout the game.

The first of the Year 9 expeditions has been out and successfully completed their expeditions. Bearing in mind these took place in March we were incredibly lucky with the weather

The expeditions are a real achievement for the students and they have to demonstrate true resilience to keep going, even when things get tough.

The second expedition goes out in the first week back after Easter, between Wednesday 23rd and Thursday 24th April.

## Astronomy club

What a term! Planetary alignments, partial solar eclipses and even a potential super nova. The skies have been busy since the last newsletter.

This term the club has focussed on the Sun, Moon and Earth and their interactions before we have moved on to celestial observations.

Expect you student members to be asking to go outside so they can go constellation spotting over the holidays as we are predicted some good weather and the nights are still quite long.

Be sure to wrap up warm though, star gazing is not the warm loving types!
